

## **RADP practicum meeting – RADP 291**

Name: Colleen Tetzlaff

Date: November 17, 2021

Preceptor: Vivien Cheng

Site: Sechelt Hospital

Practicum description: General Medicine PTA

Clinical: providing interventions for clients with CVA, CHF, general weakness – mobilizing with walker, bed exercises; ceiling lift and SaraStedy transfers

Technical: ambulatory aids

Operation: documenting in RA task binder and patient contact census

### **Strengths:**

- Colleen feels as though she is being respectful and reliable
- Vivien notes that she is very respectful with patients and staff; professional; receptive to feedback – implements recommendations immediately

### **Areas to improve:**

- No areas of concern
- Working at adapting communication style to patient and their needs, preparing environment, anticipating needs and “jumping in” more

### **Plan:**

- Midterm evaluation has been completed
- To finish practicum as scheduled

Completed by: Tracy Dignum, RADP Coordinator
