Cindy Wagner  
Manager, Customer Services  
TELUS World of Science  
1455 Quebec Street  
Vancouver, V6A 3Z7

Dear Ms. Wagner,

I am a first year tourism student currently enrolled at Capilano University and I would like to gain employment as a Science Facilitator Assistant in this company so that I may have a first hand experience in the field of tourism but also enable me to utilize and further develop my skills. I believe that my previous customer service experience and my excellent work ethic will make me a great member in this work experience program.

As you will see from the enclosed résumé, I have three years of customer service experience, relating specifically to the fast food industry. With that year of experience preparing food and taking orders, and interacting with customers I am extremely competent and self-sufficient when ensuring customers are satisfied with their food and stay at the restaurant. With this comprehensive base of product knowledge combined with my customer service skills, I know that I would be a beneficial addition to Science World.

Thank You for taking your time in reviewing my résumé.

Sincerely,

**Jacen Cabading**
